NATIONAL SCRIP COLLECTORS ASSOCIATION  
P. O. BOX 3015  
OAK RIDGE, TENNESSEE 37830

Arrangements for the Fall Meeting at Boone Tavern, Berea, Ky. have been checked and everything appears to be in order. If you have not done so, you should make your reservations as soon as possible. Be sure to say that you are with NSCA, otherwise, there may not be any rooms. If you have any problem, ask for Curtis Reppert who should be able to take care of them..

When you come, be sure to bring a suit coat or sports jacket. They will not let males in the dining room for the evening meal without one. You do NOT need a tie - just a coat, and you do NOT need a coat at breakfast or lunch. Hope to see YOU there !!

The 10th Anniversary Meeting is still scheduled for the Ramada Inn, Beckley, W.Va. on April 30 and May 1, 1982. The motel facilities already were committed for the second week-end. In this connection, I need suggestions for special activities, souvenirs, ideas for program, etc., in order to make this meeting a memorable occasion. Please do not assume that someone else will send ideas, because so far I have not received any. I need your help on this one !!

I still have a few paperweights from the Bluefield meeting for sale at \$20.00 plus \$1.50 postage. Send your order to the address at the top of this column.

Although I have put a lot of miles on my car since my last column, I have not added very many new pieces to my collection, except for a trip to Charleston, W.Va., where I attended an auction of the J. C. Beury collection conducted by Ed James. I was the successful bidder on about 250 pieces at more than reasonable prices since the auction was attended by only ten people, six of them NSCA members (Colley, Craigo, Matheny, Bob Kirk, Shonk Land Co. represented by Ross Kirk, plus me.) Some real good sets went for half of wholesale prices..

I also have made trips to large flea markets at Nashville, TN, Greenville, KY, and Atlanta, GA where I talked with Dave Mullins, Claude Travis, new member Darryl Taylor, Ray Colbert and Leon Lanier. Leon was the only one who had any scrip for my collection. R. R. Tippy and I attended a mini-meeting at Middlesboro, KY, sponsored by J. Cooper, C. Blakeman, and J. B. Williams. Only got two pieces, but did sell quite a few.

NSCA has been given free space in the Bluefield, WV Coal Equipment Show, Sept. 17, 18, & 19, courtesy of the Chamber of Commerce and Chester Matney. Arrangements were made by Fred Duff. A special exhibit of Consol and Pocahontas scrip is being planned. I need more Consol scrip from any who will send it to me before Sept. 14. We also hope to have space available for scrip trading purposes for those members who bring their material.

I talked with Edie Edkins recently, and she told me that Don is recovering very well from the slight stroke he had early in July. He is able to walk without any appreciable limp, and his speech is returning. He, however, cannot do any work on the book, and it is too early to predict when he can. He wants us to continue sending foils and new pieces for the book. Don, all of us wish you a speedy recovery !!

Don's address is: Don Edkins, 48 B Second St., Framingham, Mass. 01701

# Collecting Stickers Latest Craze In The Coalfields

By ROBIN TONER  
Of The Daily Mail Staff

David Massey has about 7,500, possibly the biggest collection on Coal River.

Broaddus Lorrison of Van has six hefty albums full, and regularly trades by mail with collectors around the country and abroad.

Lana Maynard says with a laugh that her husband has mailed 100 letters out in a single week in his quest to enlarge his collection.

All of the above are victims of a coalfield craze for stickers, the colorful decals issued by coal companies, mine equipment suppliers and the United Mine Workers union for safety and various promotional purposes.

Most of the stickers are designed for a miner's hard hat. Federal law requires six square inches of reflective tape or the equivalent on the sides and back of a miner's hard hat, and some of the stickers help meet that requirement.

But since the sticker craze began a few years back, thousands are going

into collections whose owners are convinced will grow in value in the years to come.

The fad has reached the point that some coal companies, which used to routinely supply their decals to any who requested them, have restricted the supply. That, of course, only makes the stickers more highly prized.

"We were getting 25 to 30 requests a day, every day, for months," said Art Sanda, public relations manager for Eastern Association Coal Corp. "We just had to put the brakes on it." Now,

Sanda said, the company supplies its stickers only to its employees, and then only as available.

"I go to a mine, and it's not, 'Hello, Art,' it's, 'Where's the stickers?' It costs me at least one sticker a man to get into a mine, and a sticker a man to get out," Sanda said. The decals, he says with a laugh, have become "the grease that makes things work."

Consolidation Coal Co. has also tightened up the supply. "We furnish them for our employees only," said spokesman Len Gross. "We no longer send them outside. We found it too time-consuming and expensive. At one time, we were getting thousands of requests a month from all over the country, and some from overseas."

Don Ryan, public relations chief for Armco's Coal Operations, says he's stopped carrying the decals with him when he visits mines. "It makes things a lot easier," he said.

Perhaps the surest sign that a genuine collecting craze is afoot is the fact that some counterfeits have appeared. Sanda said he's seen phonies of an Eastern decal with the company's old logo, for instance.

The range of coal-related stickers available to the collector is huge. Many companies issue a wide variety, ranging from the firm's name and logo to decals issued in recognition of low absenteeism and good safety records. Then there's the equipment suppliers, whose representatives are sometimes mobbed by sticker-seeking miners when they appear at an operation.

The UMW issues several different kinds as well, from the union's seal to stickers focusing on safety and organizing. Some of the union's districts are issuing their own decals now — Charleston-based District 17 recently decided to have its own sticker printed.

Meanwhile, candidates for union office have picked up on the trend. Howard Green, District 17 field representative, handed out 42,000 during his campaign last spring. "I had people ask me for a sticker for their hat, and a couple for their album," Green said.

Lorrison, a fireboss at Eastern's Harris operations, got started on his collection about three years ago. Now he's

got about 4,500. "It's interesting," he said. "You learn a little about the different coal companies, and you meet a lot of nice people."

Lorrison does a lot of his trading by mail. "There are several thousand collectors now," he said. "I have people calling from other states, other countries. We trade through the mail on the honor system."

There's an "unwritten law" about what's most valuable and what's not, Lorrison said. As with other collections, the rarest stickers — such as issued by a coal company that's gone out of a business — are considered the most valuable, he said.

David Massey, a 22-year-old Armco shuttle car operator, has acquired a huge collection over the past few years, with the help of Larry Bartrum, his girlfriend's father, and several other friends, he said.

"I've got about 3,000 just from coal companies," he said. "I've got one Armco sticker that's about 25 years old, and I've got all kinds of Consol stickers."

Massey, who recently helped organize a trading session at the Whitesville Fire Department, said he runs into collectors everywhere. "I went down to Charleston for a Charlie Daniels concert, and I was wearing an Armco hat. And a guy who worked at the civic center said, 'You got any stickers?' I happened to have some in the car, so we went out and traded a while."

The big coal exhibitions — where scores of suppliers and companies put up exhibitions — are fertile ground for sticker collectors, and Massey has had several of them. "You can't ever get all of them," he said.

Massey said he was offered \$3,500 for his collection last week. He turned it down. "To me, I think I've got more into it than that," he said.

# SCRIP TALK

NOTES AND COMMENTS: ...Since our last bulletin, your Editor has made the quick trip to New Orleans for the annual TAMS (Token & Medal Society) annual meeting. Saw many NSCA members in attendance but will not name since I will surely forget to include names of some. The Board of Directors are not up for election again until next year...Scriptor Paul Cunningham has promised to provide a brief program on TAMS for our NSCA meeting in Berea, Ky. in October... Speaking of Berea, reminds that it will not be too long now. Hope that you are making plans to attend. President Williams and the committee note that great plans are being completed for a successful convention at Boone Tavern... In event you have not already heard, Don Edkins - our catalog editor - suffered a stroke early in July. It is my understanding that his speech is slowly returning and all of us in NSCA hope for Don a speedy recovery !! ....Scriptor Peter Buehler, 904 Evart St., Cadillac, Mich. 49601 wants to sell out his scrip and lumber tokens. Drop him a note for a copy of the material available... President Bill has completed a detailed outline of the procedure necessary for arranging and holding our NSCA meetings in the various locations. This guide will be useful for those who are named to make arrangements for our future meetings. ... Ed O. James of Charleston has rejoined NSCA after several years. He recently sold the balance of the J. C. Beury collection and still has many nice items left. He will trade these (on Edkins catalog basis) for 1¢ items that he needs for his collection. If you are interested, drop him a note at: 501 - 41st St. S.E., Charleston, WV 25304... Have had several letters from members regarding the correct location for: SHOAL CREEK COAL COMPANY. The last Edkins had it at Eccles, W.Va., but R. R. Tippy, Mark Ballard and others have identified it as being from: PANAMA, ILLINOIS. (Dodrill on Page 232 and R. G. Dun for 1909 both show it in Ill.) ...Tippy notes that he had a little trouble in getting reservations at Berea but all is in order. He cautions that all NSCA members when calling for rooms should mention that they are members since NSCA has an entire floor and block of rooms reserved... Crawford Blakeman, Jim Cooper, Jack Sharp and J. B. Williams sponsored a mini-meeting on Aug. 16 at Middlesboro, Ky. Sorry that the bulletin issue dates did not permit us to give this more publicity.... Too, Harold Lee had a mini-meeting in Morgantown and attendance was not too good I understand. As noted, if we get plenty of advance notice can normally get your meeting advertised in the bulletin !! ...So that you will have some idea, I plan to get out one more SCRIP TALK bulletin sometime late in October. As previously noted, we are having a big BRIDGE DAY - OLD CAR SHOW in Fayetteville on Oct. 17 - 18 and I will have to recover from this before getting to work on the next bulletin.... Scriptor Al Zaika also writes about Shoal Creek Coal as noted above... (By the way, Al, that was a real fine picture of the new Pres of N.J. collectors in Coin World !) .... Scriptor Lloyd Dean, Rt. 6, Box 498, Morehead, KY 40351 is seeking information on mine scrip of clay and also wooden nickels.... Scriptor Dave Whisman has a new address: Rt. 2, Box 111, Prestonsburg, KY 41653. He seeks info on Elkhorn Marrowbone Coal Co., Wolfpit, Ky and Dunleary Kentucky Good For 5¢ in Mdse. Can anyone help Dave on this ? .....Mail for: Jack Salsgiver, 2123 Martin Rd., Mogadore, Ohio 44260 (a new member) is being returned. Anyone got any info on Jack ? ... SPECIAL NOTE TO THOSE WHO HAVE SENT IN CONSIGNMENT ITEMS: Hang on and we will eventually get all of the backlog caught up !! Had to sell the Virginia collection first to recover my investment !! Some have suggested that we ought to bring in DECAL collectors as a sub-division of scrip since so many hundreds are going "wild" about decals... Got any thoughts on this ??

.....  
FOR SALE: COAL SCRIP from WV, VA, KY, TN - also lumber tokens! Send \$1.00 for List #2 of thousands of pieces of good scrip - many R9 and R10. 98% is priced lower than the current bid prices in bulletin !! Write today - don't wait until good items are gone ! All listings show Edkins catalog numbers !!

## THE TEXAS LUMBERMAN REPORTS

Lindsey S. Lee, 145 Rosine, Beaumont, TX 77707  
(Comments and questions are invited !!)

COLMESNEIL, TEXAS (NE Tyler Co.) Town was subdivided into lots about 1882 and named for W. T. Colmesneil, a conductor on the Texas and New Orleans RR. A post office was established Oct. 24, 1882. It was the largest town in Tyler County in the 1880's

when the Yellow Pine Lumber Co. was operating. (The following tokens are shown in Trantow, Texas Trade Tokens, and Supplement: Yellow Pine Lumber Co., 10¢ Br; Yellow Pine Tram & Lumber Co., 10¢ & 50¢ AL; T. O. Sutton and Sons, 5, 25, 50¢ and \$1.00 AL)

CORRIGAN, TEXAS (NC Polk Co.) Town was named for Pat Corrigan, an official on the first train that ran over the Texas & New Orleans RR after the line was completed through the site in 1882. About 1887, the Waco, Beaumont, Trinity and Sabine RR was constructed through Corrigan and the Allen and Williams Lumber Co. was in operation. In 1923, Edens-Birch Lumber Co. was started. (No tokens are known from Corrigan.)

KELTYS, TEXAS (N Angelina Co.) Town was named for Charles L. Klein, a native of Alsace-Lorraine, who adopted his mother's name, Keltys, when he came to Texas in 1867. He located several mill sites and built a four mile logging railroad. Keltys was the first site constructed in Angelina Co. and was a post office by 1900. In 1910, the town had a population of 1000. Angelina County Lumber Co. was founded in 1887 by Kurth, Weiner and Henderson and headquartered at Keltys. Today, Keltys has been absorbed into the city of Lufkin, Texas. (TTT Supplement lists a 10¢ red cardboard token for Angelina County Lumber Co.)

NEW WILLARD, TEXAS (C Polk Co.) The town originated in 1886 when J. R. Freeman built a sawmill and a town which he named Freeman. A year later the mill was sold to the Jefferson County Lumber Co. who operated until 1899. In 1910, Thompson Bros. Lumber Co. (doing business as Thompson & Tucker Lumber Co.) built a mill at this site and named the town New Willard for the town of Willard, the site of an earlier mill in Trinity Co. As late as 1947, more than 300 workers were employed here. (Trantow, TTT, and Supplement show two varieties of 50¢ and \$1.00 BiM tokens from Thompson & Tucker Lumber Co. and 5, 10, 25, 50¢ & \$1.00 BiM tokens from Texas Long Leaf Lumber Co. with two varieties of the 5¢. The NSCA President also has an unlisted 5¢ cardboard coupon from King Creek Lumber Co., which was the hardwood sawmill for TLLCo. It should be noted that the 5¢ and 10¢ Time Check for Texas Long Leaf with Paul T. Sanderson's signature was used at the Trinity, Texas mill rather than at New Willard.)

WOODLAKE, TEXAS (E Trinity Co.) This was the site of a sawmill operated by Thompson & Tucker Lumber Co. and originally was named Willard, Texas. After the mill was relocated at New Willard, the town was renamed Woodlake for the lake which had supplied the mill. During World War I, Capt. J. L. Thompson deeded 12,000 acres of cutover forest land and the mill site to his wife, Helen Kerr Thompson. Mrs. Thompson organized and financed the operation of a demonstration farm to show the public the agricultural potential of cutover land. (No tokens are known from Willard or Woodlake.)

## SCRIP TALK

WHY DON'T YOU NUMBER THE PAGES IN EACH BULLETIN ?? When we start preparation of each issue, we never know how many pages we will have or how the pages will be placed in the final bulletin !! Too, some pages are carried over from one issue to another due to the weight of the envelope and postage considerations !!

HOW MANY ISSUES OF THE BULLETIN ARE PUBLISHED IN ONE YEAR ?? Here, again, it varies according to the amount of time available to the Janitor - Editor and also is based on the amount of scrip available for the auction along with the amount of articles and other items available for publication !! In the beginning, only four issues per year were promised. Last year, however, EIGHT issues were mailed to all members.

WHEN ARE DUES IN NSCA DUE ?? Dues are payable by January 1st each year. However, if a new member joins after July 1st of each year, his dues are paid until December 31st of the following year. Thus, any new member joining now is paid for the balance of 1981 PLUS all of 1982. A real membership PLUS. Incidentally, we will start mailing renewal notices for 1982 in the near future!! It would be appreciated greatly if you will pay your annual dues upon receipt of the notice. This will save postage and preparation costs on follow-up notices and will save much wear and tear on the office help !! Write your check when you get your notice !! If you get no dues notice you will be paid up for 1982 !!

WHY NOT USE ALL WHITE PAPER FOR THE BULLETIN PAGES? Use of different colored pages makes it easier for the office help to assemble the bulletin pages in proper order. What with the cost of mimeo paper going up so much (as is everything including scrip) we may find it necessary to use all white pages !! Thus, if you get an all white bulletin, you will understand why...

THE BIRDS THAT BID IN SALE NUMBER 74 REALLY GOT SOME "JUICY" BUYS AT VERY REALISTIC PRICES !!

"PRICES REALIZED" - SALE NO. 74 :: CLOSING DATE  
WAS AUG. 28, 1981

SPECIAL COMMENTS ON LOT NO. 48 ::

I certainly did not do it intentionally but since it happened, it proves a point that I have been trying to make !! In error, I listed a 25¢ token in the Seneca Stores Lot No. 48... it should have been a 10¢ token !! As you are aware, the 25¢ token is probably a \$100. token and I doubt that there are over three in collections today... do you have it ??

The point is "what if the 25¢ token had been in the lot??" You would have missed a great buy !! Only two or three persons bid on the lot and this shows that you are not checking the lot listings carefully !! Many, many great tokens are listed and you certainly should take the time to check the lots against your collection !! You will find many that you need and will be helping to continue the bulletin by sending in bids !! Lot No. 48 was withdrawn from the sale because of the error in listing !!
